## Lodi Jump Day - Saturday August 4

=====

Bill and I, Bob Hall and Kent Walker made it Lodi on Saturday for the Jump Day. We had a fun time, but called it a day after 4 jumps, since the weather was around 95 degrees. What happened to the forecast of a cooling trend over the weekend? Lee Wilcox also made it to Lodi, but we didn't get the chance to jump with him. He arrived a couple of hours earlier than us to participate in a 20-way competition. There were 2 teams and the team that Lee was on came in second. Don't forget to ask Lee how much fun he had on the 20-way.

We all had a really good time. Subliminal message -"Let's go to Lodi more often!"

Thanks.

Theresa
