Theresa writes: Lodi Jump Day - 15 November 2008

Bill and I, Ed Barr, Bob Hall, and Lee Wilcox made it to the jump day. We all made between 4 and 5 jumps from the Beech 99 and the King Air. The King Air was fun to jump out of. It is fast! The weather was great. We went to Famous Dave's for dinner. We still have some pig bucks from Rantoul.

Let's schedule a jump day in December (weather permitting):
